	Kuilsé	Sanamentenga	Kaya	Mané	

2.4 Please provide information about the population and socio-economic status of the project area (city, village and town).

Total Population: The final results of Burkina Faso's 5th RGPH, conducted in 2019, give a total population of 20,505,155. This is the legal or resident population, comprising residents present (RP) and residents absent (RA) of ordinary households, collective households, and embassies. The resident population is composed of 10,604,308 women, or 51.7%, and 9,900,847 men, or 48.3%.

Burkina Faso's population is steadily increasing relative to the population size. From 5,638,203 inhabitants in 1975, it rose to 7,964,705 in 1985 and then to 10,312,609 inhabitants in 1996. Then, the Burkinabe population rose to 14,017,262 inhabitants in 2006 and then to 20,505,155 inhabitants in 2019. Thus, the country's population almost doubled between 1975 and 1996, and between 1996 and 2019. In other words, the population of Burkina Faso quadrupled from 1975 to 2019.

Demographic Structure:

Population density varies greatly between regions. The Centre region stands out with a density of 1,014 inhabitants per km². The Plateau Central (114 inhabitants/km²), Centre-East (109 inhabitants/km²) and North (104 inhabitants/km²) regions also each have a density of more than 100 inhabitants per km². The five least densely populated regions are, in ascending order, the Sahel (31 inhabitants/km²), the East (41 inhabitants/km²), the Cascades (44 inhabitants/km²), the Southwest (53 inhabitants/km²) and the Boucle du Mouhoun (55 inhabitants/km²).

(If there is any) Refugee and Migrant Population: The central-western region hosts 20,973 internally displaced persons, according to official figures from 2021, from the permanent secretariat of the national emergency relief and rehabilitation council.

National Revenue: Burkina Faso is a landlocked country in the Sahel, with a low income and limited natural resources. With a 2020 GDP of USD 16.1 billion, for an estimated population of 20.9 million inhabitants growing at a rate of 2.9% per year (7% in the capital Ouagadougou), Burkina Faso falls into the category of least developed countries (LDCs) with a GDP per capita of around USD 768.8 (compared to USD 1,566.3 in sub-Saharan Africa).

Ratio of Population Living Below the Poverty Line: Burkina Faso is a low-income Sahelian country with limited natural resources. Its economy is based on agriculture and mining, particularly gold. More than 40% of its population lives below the national poverty line.

Literacy Rate: Literacy Rate: The literacy rate of the population aged 15 or over is 61.2% in the commune of Ouagadougou. This rate is higher among men (66.5%) than among women (56.1%). Only 6.2% of this population is literate in one of the national languages compared to 60.7% for foreign languages. Overall, the education rate is 70.2%.

Provide general information about the socio-economic situation of the project area.

This project will be implanted in several locations in Burkina Faso, according to the certain number of criteria and objectives to be achieved. Household vulnerability will be a key criterion in targeting intervention areas, along with population density and presence of the Muslims community.

2.5 Project Details:

<p>Brief Description of the Project:</p>	<p>This project is a social and humanitarian initiative aimed at supporting vulnerable households during the three days of the Eid al-Adha festival. It involves purchasing 30 cows in bulk, slaughtering them butchering them, and distributing the meat to the households heads struggling financially to provide for their families. Each household head will receive approximately 4-5 kg of meat , resulting in 120 beneficiaries per cow, and 3,600 beneficiaries per 30 cows if we consider “6” as average number of a Burkinabe family.</p>
<p>Project Rationale:</p>	<p>Eid al-Adha is a major event in the Muslim faith, commemorating Abraham’s act of sacrificing his only son, Ismail, to fulfill his vow. However, a portion of the Muslim community worldwide lacks the financial means to do so.</p> <p>The project was designed to assist these vulnerable individuals in Burkina Faso, with nearly 600 households expected to benefit.</p>
<p>Project Objectives:</p>	<p>The main objective is to bring smiles and joy to the vulnerable households in order to the spirit of the celebration, sharing, solidarity and love of neighbor is strengthened and mainted in the habits of societies towards one to another.</p>
<p>Target group:</p>	<p>Muslim community of Burkina Faso</p>
<p>Number of Beneficiaries:</p>	<p>600 heads of household directly, and 3,600 people indirectly.</p>
<p>Groups that may be negatively affected by the project: (if there is any)</p>	<p>None</p>
<p>Problems that may arise as a result of the project and measures that can be taken: (if there is any)</p>	<p>Livestock prices are very high in Burkina Faso, and often there are no animals available in the markets, with many local livestock markets closed.</p> <p>OSEH will begin immediately by scouring the markets and increasing contacts with major suppliers to ensure that high quality cattle are found.</p>

Project Supplementary Forms:

Note: Additional forms sent regarding the details of the project must be filled.

For different project proposals such as permanent projects, water wells, orphanages, the documents specified in the relevant annex must be completed. All documents, including attachments, will be signed.

SECTION 3: Project Implementation and Internal Audit

3.1 Explain step by step how your foundation will implement the project, mentioning all the details.

The implementation of this project involves three main phases:
